The church urges brothers and sisters to observe the safety requirements set out by the government out of our Christian duties towards the society. Above all, remember to intercede for the control of the pandemic globally and for the wisdom of our government in curbing the spread of the virus and in allowing the spread of the Gospel in our nation,

*"I urge, then, first of all, that petitions, prayers, intercession and thanksgiving be made for all people—for kings and all those in authority, that we may live peaceful and quiet lives in all godliness and holiness." (1 Timothy 2:1, 2)*
